

## WILL HOLD' BIG MEETING

Red Cross Society is Planning Mammoth Meeting at Methodist Church Sunday Night

Arrangements are under way for a popular meeting in Mt. Sterling next Sunday evening in the interest of the American Red Cross Society. The several congregations of the city will unite in a service to be held in the Methodist church at 7:30 o'clock. A strong local chapter of the organization has been formed, and many of our citizens are members of it. The pastors are deeply interested, and the service Sunday night should be largely attended. Let everybody plan to be present. There will be good music and a number of short, spirited addresses. Remember the place and hour—Methodist church, 7:30 o'clock.

### TENDERED GOOD POSITION

Prof. W. C. Jetton, who has been Principal of the High School here for the past four years, has been tendered the position as Superintendent of the Henderson City Schools. It is not known whether Prof. Jetton will accept the position or not as he has another proposition under consideration. During his stay in this city he has made a host of friends, being a competent educator and a high class gentleman in every way and it is with sincere regret we learn of his determination to leave us but wherever he goes he will be followed by the best wishes of everyone in this city.

### HEALTH NURSE TO ASSIST

Miss Margaret Frost has been notified by the Kentucky Tuberculosis Commission that it desires that she co-operate with the Government in every way possible in teaching home nursing, first aid and prevention of diseases. She is instructed to get a list of those rejected for military service and furnish the Commission with information as to the reason of rejection, etc.

### HIGH SCHOOL WINS GAME

The base ball team of the Mt. Sterling High School defeated Millersburg Military Institute Monday by the score of 10 to 5. Daniels and Mainline both knocked home runs which were the features of the game. Kelly pitched a splendid game. The High School boys will meet Sharpsburg Thursday.

O, yes, the slacker has his use in this world. We must have something to fuss.

### EDITOR WOOD STRICKEN

Mr. Stanley O. Wood was stricken ill Friday evening and after the physicians here had done everything possible to relieve him he was taken to the Good Samaritan Hospital at Lexington Saturday evening, where he was operated on by Dr. Bullock. An eleven-inch incision was made in his abdomen and the doctors found a twisted intestine and a blood clot in a blood vessel. He stood the operation well but owing to the seriousness of his condition at the time of the operation the outcome is problematical but if he can hold his own for a few days the doctors have hopes of his recovery. Mr. Wood only recently passed the examination for the Officers' Reserve Corps of the United States Army and the afternoon he was taken to Lexington he received orders to report at Fort Benjamin Harrison. There are many friends who are hoping for the speedy recovery of this splendid young man. During his sickness the Gazette will be in charge of his uncle, Mr. W. Hoffman Wood, who is an experienced newspaper man.

### LOCATES IN PANAMA

Mr. Robert Young left last Thursday for Bocas Del Toro, Panama, to join his brother, Mr. Johnson A. Young, who has been there for some time. Mr. Young will be employed by the United Fruit Company on the plantation which is managed by his brother. These young men are members of one of our most prominent families and it is predicted by their many friends that they will make good in their newly adopted home.

### BUICKS SELLING WELL

The Mt. Sterling Garage, hustling agents for the Buick automobile, last week sold the following cars: Mr. T. N. Coons, a six cylinder touring car; Mr. R. R. Whitsitt, a six cylinder runabout; Mrs. J. Greene, a four cylinder touring car; Mr. Tom Fitzpatrick, a four cylinder touring car; Roy Byrd, a six cylinder touring car; and A. S. Skidmore, a four cylinder touring car. The merits of the Buick car is rapidly making it one of the most popular cars now on the market.

### SENATOR BECKHAM RECOGNIZED BY ADMINISTRATION

Senator Beckham will name the Seventh district collector to succeed Ben Marshall, whose term has expired. Secretary McAdoo announced Friday. Beckham has made a determined fight against Marshall's reappointment, while the Frankfort man had the support of Senator James and Representative Cantrill.

## BIG CROWD HERE MONDAY

City Visited By Splendid Crowd With Fine Run of Cattle and Horses on Market.

About 2500 cattle on the market. The quality was good. Trade was very slow but prices were good. Farmers were all complaining of short grass and the dry weather seemed to take all the run out of trade. But with slow selling during the day probably seventy-five per cent of cattle were sold. Very few cattle were weighed, bulk of sales so much per head. A few bunches weighed at from 9 to 10c. The best 800-pound steers sold at 10c; yearlings fully as high; heifers at 7 to 8c; cows at 5c for canners to as high as 9c for some extra fat cows; bulls at 7 to 8c. Fair sized crowd at the pens but buyers were not as plentiful or as eager as usual. We caught a few sales but very few, as we were about as slow as trade.

### SALES

Chas. Rose of Budd & Co., Cincinnati, O., commission company, bought 210 cows, bulls and oxen, paying 5c for canners to 8c for good butcher stuff; Henry Leemaster sold 20 530-pound yearling steers to Wm. M. Marshall at 10c, they were good; Andy Hughes sold 7 925-pound steers to Prewitt Vann Meter, of Clark county, at 9c; A. S. Hart bought a few 800-pound steers at same price. Some extra good 700-pound steers were held at 11c, refusing an offer of 10c.

### MULES

Very few mules on the market and while prices were high, not much trading was done. A pair of heavy mules were sold at \$550 for the pair, they went to the oil fields. A few others sold at from \$175 to \$200 per head.

### ENTERTAINMENT TO BE GIVEN

The Invincible Concert Co., composed of colored people, will give an entertainment at the Court House Thursday evening, May 30th, beginning at 8:15. The proceeds will be for the benefit of Keas Tabernacle C. M. E. church. The press wherever this company has appeared has always spoken very complimentary. It is hoped that the white people will assist in making this entertainment a success as it is given for a worthy cause. Rev. W. G. Jones, pastor of the church, will greatly appreciate the encouragement of the white people.

### BIG FIRE AT LEXINGTON

Lexington was visited by a terrible fire Monday morning, the complete damage reaching nearly \$400,000, of this amount only about one-half is covered by insurance. Merriek Lodge building one of Lexington's biggest office buildings, valued at \$75,000, was among the property destroyed. The Second Presbyterian church was damaged to the extent of \$50,000 with only \$21,000 insurance. The fire originated in a livery stable. The fire company did splendid work.

### MUSICIAN COMING

Miss Mary C. Armstrong, of New York City, will give a talk at the Christian church in this city one night next week on the "Ideal System of Music." The exact date of her lecture here will be published in the Sentinel-Democrat the latter part of the week. Miss Armstrong is a Kentucky girl and a most charming woman. No admission will be charged and it is hoped a large crowd will be present.

### Pony and Trap for Sale.

Bay pony, 7 years old, and nice trap for sale. Pony is safe for lady and children. E. W. Hedlin.

### JUNE 5 REGISTRATION DAY FOR SELECTIVE DRAFT

President Wilson Friday signed the Selective Draft War Army Bill and issued a statement that under advice of military experts on both sides of the water, the President could not employ volunteers, nor avail himself of the "fine vigor and enthusiasm" of former President Roosevelt for the expedition.

The army law provides for an ultimate force of approximately 2,000,000 men to back up the first troops to go to the front. When the bill had been signed the President affixed his name to a proclamation calling upon all men in the country between the ages of 21 and 30, inclusive, to register themselves for military service on June 5 next. The proclamation sets in motion immediately machinery that will enroll and sift 10,000,000 men and pave the way for the selection of the first 500,000 young, efficient soldiers without crippling the industries or commerce of the nation or bringing hardship on those at home.

Even before the bill was signed, the War Department announced that the full strength of the National Guard would be drafted in the United States army beginning July 15 and concluding August 5. Orders to bring the regiments to full war strength immediately accompanied the notification sent to all Governors. A minimum of 329,000 fighting men will be brought to the colors under those orders, supplementing the 293,000 regulars who will be under arms by June 15. It is from these forces that the first armies to join Gen. Pershing at the front will be drawn, to be followed within a few months by recurring waves from the selective draft armies, the first 50,000 of whom will be mobilized September 1.

### HOW MEN WERE SELECTED

In a letter received by this office from Mr. Sam H. McCormick, son of Judge and Mrs. G. A. McCormick, the methods employed in selecting men for the training camp at Fort Benjamin Harrison as outlined by Major H. E. Ely, were explained as follows:

"First—Those who had military training; second, those with a college education; third, men with business experience. Preference in all classes was given men of older ages.

By this method of selection many desirable men were not accepted, who should be able to get in on the next camp. While the second camp had not been authorized it is believed by Major Eli that there will be three or four more of the camps. Major Eli suggests that all not accepted for the camp take the matter up with him and ascertain the chances for the next camp. Men sworn in but not accepted will have a preference on the second camp."

Mr. McCormick, who has been residing in Lexington for the past few years was one of the first to be accepted. He stated that he was suffering from the effects of vaccination, having been vaccinated in both arms.

### U. S. TROOPS ORDERED TO FRANCE AT ONCE

A division of United States regulars will carry the Stars and Stripes to France at the earliest date practicable. President Wilson has ordered Maj. Gen. Pershing to lead an expeditionary force to France to co-operate with the Anglo-French troops as soon as it can be made ready. Gen. Pershing is a veteran of the Spanish-American War and led the American troops in the expedition into Mexico last fall in search of the bandit Villa.

## FLAG RAISING IN THIS CITY

Notable Event is Planned for Wednesday, May 30th, in the Court House Yard.

What will probably prove to be the most elaborate patriotic demonstration ever held in Mt. Sterling, will take place on Court House Square next Wednesday, May 30th, (Memorial Day), when an American flag of gigantic proportions will be raised upon a pole seventy-five feet in height.

The ceremonies will be under the auspices of the local chapter of the American Red Cross. The program, which is being arranged by Col. A. W. Hamilton, President of the chapter, will embrace many interesting features, and that patriotic gentleman is sparing neither time, pains or money to make it a big success. Rev. E. L. Powell, of Louisville, will deliver the principle address. A band has been secured and special vocal music will also be arranged. Every man, woman and child in Montgomery county should plan to come to Mt. Sterling on that day and help to make the flag raising a never-to-be forgotten occasion.

### FOR FAITHFUL SERVICE

Mr. W. H. Strossman, Jr., the efficient Sunday School Superintendent of the Christian church, was given a very pleasant birthday surprise Sunday morning. An enlarged picture of Mr. Strossman in his military uniform had been hung on the wall and covered with a map. Rev. Clyde Darsie then called Mr. Strossman forward and after congratulating him for his faithful service to the Sunday School work, took down the map, disclosing the picture to the audience and as further evidence of the love and esteem in which he is held by the members of the congregation presented him with a well filled purse. Mr. Strossman responded feelingly. Mr. Strossman while a very busy man, has found time not only to do his church work but to train the Strossman Guards at the Mt. Sterling High School and was also elected Captain of the Mt. Sterling Minute Men. He has many friends who will wish him many more such happy days as he experienced Sunday.

### MEASURING PARTY

The W. C. T. U. will give a Measuring Party at the Rest Rooms Friday evening, May 25th, at seven o'clock. Be sure and accept your invitation and come. The proceeds will be used for a good purpose.

### ATLANTA ON FIRE

Atlanta, Georgia was swept by a terrific fire Monday afternoon and property valued at between two and three million dollars was destroyed. It is reported that 150 blocks have been burned. In an effort to stop the spread of the flames many fine houses were dynamited but with little success. Hundreds of business men were called in from the officers' reserve camp at Fort MePherson to help fight the flames while fire companies from half a dozen neighborhood cities have been rushed to Atlanta to assist.

The fire started in the poor section of the city which was completely wiped out and rapidly spread to the neighborhoods composed largely of homes ranging in value from \$2,500 to \$6,000. The soldiers rendered great service in fighting the fires. The Red Cross Society is taking care of thousands of homeless people. Strange to say only one person was reported as dead and that was a woman who died from the shock, many others reported injured.

### CLOSING EXERCISES

#### COUNTY HIGH SCHOOL

The Baccalaureate sermon was preached Sunday night at the Baptist church by Rev. M. V. P. Yeaman, of the Presbyterian church, and this commodious building was crowded. The sermon was a very able one. The Class Day exercises were held this morning at the school building and a large crowd of those interested in education was present. The Commencement exercises will be held tonight at the Christian church, the principal address being delivered by Rev. Clyde Darsie. These exercises will mark the close of the present school year for this institution.

### HEAVY HAILSTORM

At noon today this community was visited by a very heavy hailstorm which lasted from ten to fifteen minutes. During the storm the ground was nearly covered. A skylight was broken in the Mt. Sterling Garage but we could not learn of any other damage. It is thought that tobacco beds and gardens were damaged. In some places hail was reported to have fallen as large as bird eggs.

### BUYS BARBER SHOP

Mr. Peter Greenwade has purchased fixtures and opened up a first class barber shop in the Mike Holland building on Main street, just below White's Drug Store. Every convenience found in a modern shop has been installed. Mr. Farmer Greenwade will be in charge and desires his friends to give him a share of their patronage.

##### WOMAN SUCCUMBS

Mrs. W. D. Judy, aged 51 years, wife of W. D. Judy, of near Scholls-ville, Clark county, died last Wednesday morning about 3:40 o'clock from the effects of a paralytic stroke which she suffered about a week ago.

Besides her husband she is survived by two sons, Waller and Frank, and three brothers, Charles and Robert Huls, of Clark county, and William Huls, of this county. She was the daughter of Mr. Waller Huls, of Clark county, and was a good Christian woman and was liked by all who knew her and was a prominent member of the Bethlehem church.

The funeral services were held at the Bethlehem church on Thursday afternoon at 2:30 o'clock, conducted by Rev. E. A. Osborne, of Lexington.

## \$1,000,000 LOANED TO FARMERS ON EASY TERMS

Since January 1, 1917, the Union Central Life Insurance Company has loaned \$1,700,000.00 to Kentucky and Tennessee farmers at a low rate of interest.

These loans are made for ten years, or twenty years. You can pay off all of loan or any part at any time you wish.

Why continue to borrow money at five and six per cent interest when the net cost with us is less and the terms easy and attractive?

#### PROMINENT COUPLE WED

Mr. Albert Shields, of this city, and Miss Liela Prewitt, daughter of Mr. and Mrs. Arch Prewitt, of near Judy, were married at the home of the bride's parents, last Tuesday, Rev. Clyde Darsie officiating. About thirty relatives and friends witnessed the ceremony. Both are excellent young people. They will reside in this city.

## GRADUATION EXERCISES

The twenty-six annual commencement season of the Mt. Sterling Public Schools will be ushered in on Sunday evening, June 3rd, when the Rev. Clyde Darsie will preach the baccalaureate sermon at the Christian church.

On Tuesday evening, June 5th, the Grammar School Commencement will take place at the High School Auditorium. The usual program will be carried out by the members of the class and the Rev. M. V. P. Yeaman will deliver the address.

Wednesday morning at ten o'clock the graduating class of the High School will have its annual Class Day program during which novel features will be presented for the first time.

At eight o'clock Wednesday evening, June 6th, the High School Commencement will be held in the Auditorium. Professor Melleny Rhoades, of Lexington, Supervisor of High Schools for Kentucky, will be the speaker of the occasion.

Reynolds' Orchestra will furnish music during all of the programs.

The Senior Class of the High School is composed of the following: Misses Henrietta Coleman, Eula Elam, Eleanor Guilfoile, Elizabeth Clay Highland, Frances Kennedy, Anna Pinney, Dorothy Tyler, Pattie Thompson, Frances White, Martha Robinson, Mary Robertson, Georgia Wilkerson, and Messrs. Carroll Chenault, Thomas Prewitt, William Daniel, and Matthew Kelly.

The Third Annual Banquet of the Alumni Association of the High School will be held Thursday evening, June 7th. It is expected that the banquet this year will eclipse all former ones since more time and thought is being spent on it than ever before. Invitations will be mailed to all members of the association within a few days.

#### TEACHERS ELECTED

At a recent meeting of the City Board of Education the following teachers were elected to positions in the Grammar School for the scholastic year 1917-18: Mrs. Sophia Randall, Misses Lucy Owings, Eliza Harris, Alice Cassidy, Mattie Hoffman, Bessie Robinson, Mary Welsh, and Mrs. Fannie Priest. Misses Flo Shirley and Lucille Hardin were elected assistants. The salaries of all grade teachers were increased five dollars per month.

#### DIES IN CALIFORNIA

Mr. Seth Rupard, of Sewell Shop, Clark county, received a telegram telling of the death of his son-in-law, C. T. Lilley, which occurred at Los Angeles, Cal. No details were given. Mr. Lilley married Miss Rosa Rupard, attractive young Clark county woman. They have two children, and he was the father of three children by a former marriage, all of whom survive. The burial will take place in Los Angeles.

There are no cut-and-dried rules for making advertising successful. Each man has to work out, in a large measure, his own advertising salvation. There is, however, one sure way to make it pay, and that is by PERSISTENCE AND COMMON SENSE. There are no substitutes for these elements in advertising—or anything else.

At last we are promised a reduction in the cost of foodstuffs. But it's a long jump between a promise and an empty stomach.

## Built On Right Principle

Buick builders have won today's undisputed leadership on a right principle, rightly applied, the famous Buick valve-in-head motor.

During the past sixteen years numerous changes have been made in types of design, but fortunately the designers of the Buick motor first sought and found the truth about gasoline motor construction, and perfection of this correct principle is all that has been required.

In the Buick valve-in-head efficiency has been carried to all branches of car making. The Buick throughout shows the effect of valve-in-head initiative inventiveness, pride of workmanship.

Performance is the salient feature of the Buick valve-in-head. It elevates it far above the rank and file of automobiles, and places it in a dominating position in the motor world. It conquers hills speedily, or snails along with equal facility, quietly and economically wringing power from gasoline at any and all speeds.

It is particularly satisfying to the purchaser of a Buick car to find, as he does, that his choice is everywhere admired and approved.

#### PERRY OAKLEY DEAD

Perry Oakley, one of the most noted fendists in this section of Kentucky, died at his home near Stepstone, in Bath county, last Tuesday, as the result of a paralytic stroke. Oakley was eighty-six years old. He was well known in this city where he was a regular visitor on public days. Oakley's gun was said to have contained many "notches" though there is little doubt but what many crimes of which he was innocent were attributed to him. His name has been a by-word in this section for many years and all sorts of thrilling tales in which he was the central figure have been related here. He had been a farmer in the neighborhood where he died all his life. Last Thursday night Oakley, believing that some one was stealing his corn, went out with his gun to watch for the thief. While in the fields he was stricken with paralysis and lay all night on the ground drenched by a cold rain. Among Oakley's relatives surviving are Mrs. George Ann Tevis, of Lexington; Mrs. Mary Varber, of Indiana; Frank and Walter Oakley, of Bath county, and Perry Oakley, of Harrodsburg.

#### ORGAN RECITAL

On Wednesday evening, May 23, beginning at 8:15, there will be an organ recital at the Baptist church, given by Mr. Gordon Graham, Fellow Guild of Organists, London, Eng., organist and choirmaster Grace Episcopal church, Avondale, Cincinnati. He will be assisted by Master Sarber Spargo, boy solo soprano, Grace Church. No admission price but free will offering will be taken for these wonderful musicians.

#### LIVING AT HOME

One phase of the food question that will have a big influence is that of transportation. We are already experiencing a serious car shortage, and in case a large army is mobilized this summer conditions have a small chance for improvement.

Now the people themselves can in a large measure remedy this matter. This can be done by a substantial effort all over the country to feed all of the people from their own soil and produce a surplus besides. The surplus would be used by the army or shipped to our allies abroad.

Every state, every county, even every neighborhood should organize its forces so that as nearly as possible ALL FOOD consumed in any section shall be produced IN that section.

For instance: A certain section of country has never heretofore raised sufficient potatoes for home consumption. It should be the aim of that section to raise every bushel needed for home consumption, and if possible some to spare.

The same might be said of small fruits, garden produce, even corn itself. The great consideration is to have the stuff itself on the

ground where it is needed for consumption.

This would release large numbers of cars for use in transporting the army and its supplies.

If there were any means of accurately determining the number of cars annually needed to move foodstuffs from one locality where they are produced in abundance to others where they are not produced, we would no doubt be astonished at the number required. But by the plan suggested the matter of distribution would be a small item.

You can not show your loyalty in any better way than by straining every nerve to make yourself independent of any man in the matter of food.

About the greatest commendation that can be given any man this year will be the familiar old phrase, "He lives at home."

## HELP "MINUTE MEN"

Every man in the city is urged to join the "Minute Men" company and drill twice a week. Some of the boys who started out with great enthusiasm and bearing patriotism a few weeks ago have absented themselves from drill of late and as a consequence progress has been somewhat retarded. Married or single, old or young, will be welcomed. None of us know to what extent the war may go and anyway preparedness of this sort is good if never necessary. The local Red Cross girls will be asked to assist in recruiting a permanent company for semi-weekly drill. Capt. Strossman and his assistants have worked hard and their efforts deserve more than the lukewarm interest some of the boys are taking. We urge every man to be at the Farmers Warehouse Thursday night and enroll. And the women, who, if they care to, can do much to arouse increased interest in this patriotic organization, are urged to encourage the boys by their presence at drill.

## MONTGOMERY COUNTY'S HEALTH REPORT

The following is the report of Miss Frost, of the Montgomery County Health and Welfare League, which appears in the current issue of the Bulletin, issued by the State Board of Health and the Kentucky Board of Tuberculosis Commissions.

Her letter contains a good suggestion for every high school in the State. Has your county such an agency for good health, good morals and increased usefulness? Dear Dr. Heizer:

Am enclosing the report requested by you, hope that it will meet with your approval.

One feature of my work that I think has helped the community is the class of thirty-five girls in the county high school that I teach every Wednesday morning in "Personal Hygiene" and "Home Nursing." The girls seem interested and delighted with the work.

There is a dentist and myself that drove fourteen miles last fall to a mountain school where a large number of children were suffering with toothache. Dr. Wright extracted teeth for fifteen, filled seven with temporary fillings and cleaned about eight of the older pupils. Will enclose one of the twenty letters written me by the children after our visit.

Am enclosing my most interesting story. Yours truly,

M. Frost.

## Endurance—the Supreme Tire Quality

United States Tires have proved that they have that supreme quality,

—that miles are packed into their structure the way endurance is packed into steel.

A vast number of the motoring public know that by experience,

—and they have answered in the only way that the buying public can answer,

—by giving United States Tires tremendous sales increases,

—sales increases that are vastly greater than even the sensational increase in the number of automobiles this year over last.

## WILL HUNGER COME?

We may put it down as a self evident fact that if the people of this country persist, during the coming year, in living on the same extravagant scale of former years, we as a nation will strike the rocks.

Experts in the agricultural department have estimated that the actual waste of food in the United States is \$700,000,000 annually. This is in addition to the enormous consumption in excess of what is really needed to support life comfortably.

The International Institute of Agriculture sends this solemn warning from Rome: "The world's food crop is deficient and the situation is becoming alarming."

Now we are doing much talking as to the duty of raising bumper crops, of increasing our production in every way possible, which is perfectly right. But more than this is needed. We must act as well as talk.

Heretofore the United States has always had a safe surplus of foodstuffs from one harvest when the next was garnered. This very fact, possibly, has had more to do with fostering our extravagance than anything else. We have felt that our resources were boundless and that we could never come to want.

Now, however, that surplus has vanished, and in its place we have

only gold, the most useless commodity in the world unless it can be exchanged for that which we need. And at last we must wake up and face the fact that we are up against a food shortage, and gold can not buy food where no food exists.

The solution of the food problem is up to every man, woman and child in the country. It is useless to mince words for fear of hurting some one's feelings—EXTRAVAGANCE AND WASTE MUST CEASE. It is useless to undertake to solace ourselves with the prospect of a large increase in production. That of itself will not relieve the situation if extravagance continues. ALL must exert themselves to PRODUCE, and ALL must exert themselves to SAVE.

You, Mr. farmer friend, because you have plenty and are raising plenty more, have NO RIGHT to waste that plenty or to throw it away in needless extravagance. Others will NEED it, and it is their RIGHT that they should be able to get it.

You, Mr. Rich Man, just because you have plenty of money to pay for it, have NO RIGHT to waste that which OTHERS NEED, and of which your extravagance will deprive them.

Let us not be deceived. It is up to each one—rich, poor, high or low—to conserve the food supply. Food waste this year will be nothing

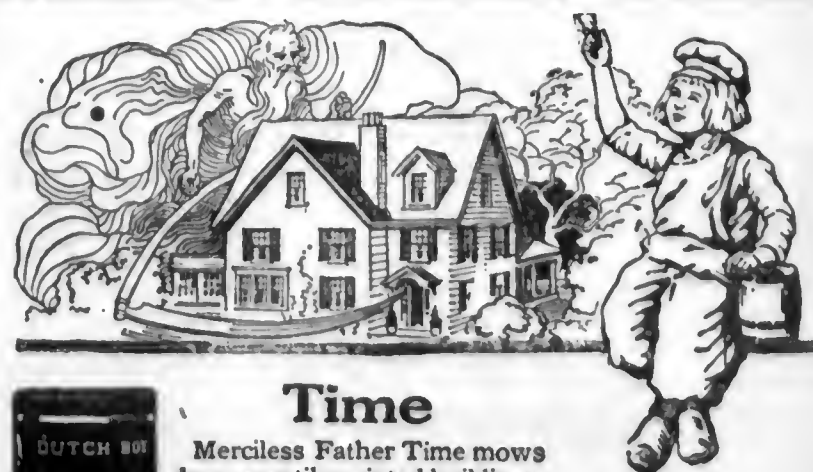

less than a CRIME, and should be so recognized and treated.

A few months ago, when gold was flowing into our coffers, in yellow streams, we strutted and boasted of our boundless wealth. We compared ourselves to Midas—that everything we touched turned to gold. And now we are in grave danger of finding ourselves in his predicament—our gold useless because we

can not eat it. Economy in any line is praiseworthy, but economy in food products just now is the highest type of patriotism, and the most disloyal of all is the man or woman who wilfully wastes the nation's food.

## Time

Merciless Father Time mows down scantly painted buildings. His scythe cuts deep into unprotected boards. He slashes constantly, day and night, all year round. He wins. The buildings lose.

Paint which will blunt the edge of Time's scythe, and be an armor protection for the buildings, is Dutch Boy White-Lead thinned with linseed oil and tinted any color desired.

This paint is all-weatherproof—proof against blistering sun, drenching rain, piercing wind, snow and sleet. It will add long life and beauty to your buildings, and neither crack nor scale.

Come to us for paint materials of the lasting kind and for good advice on painting, for jobs big or little.

### ANNOUNCEMENTS

We are authorized to announce the following persons as Democratic candidates at the State Primary, Saturday, August 4, 1917:

#### FOR ASSESSOR

S. A. Amburgey

#### FOR COMMISSIONER (DISTRICT NO. 1)

R. F. Moore

#### FOR COMMISSIONER (DISTRICT NO. 2)

Dan Welch

#### REV. S. A. AMBURGEY

Some months ago Rev. S. A. Amburgey made it known to his friends that he aspired to the office of Assessor of Montgomery county, but not until this issue of The Advocate did he authorize us to announce him as a Democratic candidate for that office, at the primary on the first Saturday in August next.

Mr. Amburgey is a resident of Jeffersonville precinct, is forty-eight years of age and has spent most of his life in that vicinity. He is a Baptist preacher and for over twenty years has conducted services at Old Salem church. His grand-parents were among the first settlers of Kentucky, coming from old Virginia. While always a Democrat, neither Mr. Amburgey, nor any of his people have ever held public office. He is a poor man, has a wife and ten living children and one grand-child; he is rearing and needs the office and its emoluments. It is therefore hardly necessary for us to say he will deeply appreciate the support and influence of his fellow-Democrats. In addition to his ministerial duties, he is a farmer of industry and thrift, living on a small mountain farm which he owns. As he knows the relative value of real estate and other species of property, we have no hesitancy in saying he is well qualified to fill the office he seeks and, being an upright and honorable man, who promises to give the people honest and faithful service, in the event of election, we ask for his claims the serious consideration of the Democrats of the county.

MR. DAN WELCH

Mr. Dan Welch, at present Magistrate from Camargo and Jeffersonville precincts, wants to be Commissioner in District No. 2, which, as shown on above map, embraces all that territory West of the Maysville and Camargo turnpikes, exclusive of Mt. Sterling.

Mr. Welch has an enviable record as a member of the Fiscal Court, having always stood for what he believed to be right and for the county's best interests. He is a man of fine sense, with the courage of his convictions and a successful business man. Being a substantial taxpayer himself, he has always watched expenditures in the various departments and is always ready to prevent waste or the wrongful appropriation of public funds. In politics he is a consistent Democrat, ever ready to assist the nominees of his party.

As one thoroughly familiar with the county's needs and admirably equipped for dependable public service, we submit his claims to the Democrats of Montgomery county.

#### MR. R. F. MOORE

Mr. R. F. Moore wants his party to nominate him as Commissioner in District No. 1 (Mt. Sterling) at the primary, August 4th.

Under the law, the county is divided into three districts and one Commissioner must come from each district to insure local representation, yet the voters of the whole county choose all three Commissioners.

Mr. Moore has been a Magistrate for two years and his term has been noted for his fidelity to duty and the zealous manner in which he has practiced economy in the outlay of public funds. He has also given much time and thought to the discharge of his duties, with little compensation. Proud of his record, he asks the voters to investigate it and if found satisfactory and clean, to vote for him.

Being a good business man, a loyal Democrat and well qualified for County Commissioner, we urge that his claims be given the careful consideration to which they are entitled.

#### YOUNG HAS GOOD ONE

Mr. Nat B. Young, Jr., the astute young horseman, of this city, always manages to have a good colt for the rich buyers to scramble for. A couple of years ago he owned the champion yearling, Mary V., that sold for \$3,500, last year he had two splendid yearlings, Forbes Robertson and Comely that sold for

fancy prices, and this year he has a very promising two-year-old filly in the stable of Ed. Willis at Lexington that worked an easy mile in 2:30 Friday. This filly was broken this spring and it looks like she will be a real good horse by the time the races start.

TALK WITH HOFFMAN

### ROOSEVELT WILL NOT BE ALLOWED TO RAISE ARMY

Col. Roosevelt will not be permitted to raise his volunteer expedition to carry the American flag against the Germans in France.

On signing the War Army Bill Friday, President Wilson issued a statement saying that acting under expert advice from both sides of the water, he would be unable to avail himself at the present stage of the war of the authorization to organize volunteer divisions.

There was talk in army circles of the possibility that the former President's service might be used in another way, but official comment on the subject was lacking.

The President's statement, in part, follows:

"I shall not avail myself, at any rate at the present stage of the war, of the authorization conferred by the act to organize volunteer divisions. To do so would seriously interfere with the carrying out of the chief and most immediately important purpose contemplated by this legislation, the prompt creation and early use of an effective army, and would contribute practically nothing to the effective strength of the armies now engaged against Germany."

### HIGH SCHOOL DEFEATED

The Lexington High School baseball team easily defeated the Mt. Sterling High School team here Friday afternoon. Score 13 to 6. Neither team showed any class.

### THE LIVING AND THE DEAD

Flowers for the dead, who are not dead, but live,  
And shall forever live in splendid fame;  
Who deemed a life a little thing to give  
To save a nation from undying shame.

Aye, heap their graves with flowers. With bated breath

Pay tribute to the men who died to save.

But drop no tears. Life has no boon like death

When honor leads the hero to the grave. —David A. Curtis.

### PASS ON THE PRAISE

"You're a great little wife and I don't know what I would do without you." And as he spoke he put his arms about her and she forgot all the care in that moment. And forgetting all, she sang as she washed the dishes and sang on as she made the beds, and a woman there caught the refrain and sang also, and the two houses were happier because he had told her that sweet old story of the love of a husband for a wife. As she sang

**MUSICAL RECITAL**

The citizens of Mt. Sterling will have the rare opportunity of enjoying a musical feast at the Baptist church on Wednesday evening, the 23rd inst., beginning promptly at 8:15 o'clock and immediately following the closing of the prayer meetings of the churches. The recital will be given by the wonderful musical genius, Prof. Gordon Graham, (Fellow of the Guild of Organists, London, Organist and Choir Master, Grace Episcopal Church, Avondale, Cincinnati, O.) Prof. Graham will be assisted by Master Sarver Spargo, Solo Soprano Boy of Grace Church. We understand the boy is only 8 years old, and is a musical prodigy. It is seldom that such opportunities come this way and every man, woman, boy and girl should not fail to attend. The recital will be free to all who may attend, just a free will offering as an expense fund. The press is elaborate with the most favorable comments.

Miss Helen Downs, of Bellevue, O., the attractive guest of Miss Mildred Tonkin, was the guest of a beautifully arranged Five Hundred party given by Miss Dora Robinson at her home on Sycamore street last Wednesday evening. The party was a most enjoyable one in every particular and quite a compliment to the honor guest.

The home of Miss Mildred Tonkin on the corner of Clay and Elm streets, was the scene of a most delightful card party Thursday afternoon in honor of Miss Downs, the attractive guest of the hostess. Five Hundred was enjoyed and after the games a most appetizing luncheon was served. The affair was a pretty compliment to the honor guest.

Relatives and friends here have received beautifully engraved announcements of the wedding of Miss Nettie Reid Sullivan to Mr. Frank P. Walters, of Charleston, Ill. Miss Sullivan is a daughter of Mr. William Sullivan, a brother of Messrs. Poe. P. and Garrett D. Sullivan, of this city. Many friends will wish the young people much happiness and prosperity.

The following beautiful wedding announcements have been received by relatives and friends here:

Mrs. Lottie McCloy announces the marriage of her daughter Charlotte Lee to Mr. Earl Forrest April the twenty-fifth Saint Francis of Rome Church Louisville, Kentucky

Miss McCloy is a beautiful and charming girl and is well known to many of our people. She is a graduate of Hamilton College and the Lexington Conservatory of Music. She is a niece of Mr. Joe M. Conroy, of this city. The bridegroom is a prominent young business man of New Orleans, La., being connected with the Bank & Trust Co., of that city.

**THE SICK**

Mrs. Elizabeth Gering is now recovering nicely from her recent illness.

Mrs. Thomas G. Denton, who was operated on at a Lexington hospital last week, is doing nicely.

Mr. Dan R. Maupin, who was operated on last week, is getting along as well as could be expected.

Mrs. Anderson C. Bogie is getting along nicely and it is thought will be able to be brought home the latter part of the week.

Mrs. Leo Games was operated on for cancer at St. Joseph's Hospital in Lexington Saturday. Her condition is rather serious.

Mrs. Tom Greene, who was operated on at a Lexington hospital a few weeks ago, was brought home Sunday afternoon and is getting along nicely.

**Notice to the Public.**

On Monday, May 21st, the banks of the city began closing promptly at three o'clock. This action was necessary to give the employees the opportunity to clean up the day's business. Customers will confer a favor upon the institutions by transacting all business before three o'clock. (46-21)

**BOOTLEGGER CAUGHT**

God bless the children! They are a world of cure and trouble; they bring pain and weariness and sorrow, but are worth it all. Do you remember after that weary day when you were harsh and irritable and they went to sleep with a sob, what bright, fresh faces they brought to you in the morning? How full of tenderness and forgiveness children are! How quick to forget unkindness! How fine is the intelligence with which they look beneath the surface and know that the irritable, nervous creature of the day before is not the real mother, but the serene, gentle woman of the morning whom they love with deep devotion. They are beautiful examples of the truth that sorrow may endure for the night, but joy cometh in the morning. By their love and brightness they repay us hourly for every struggle we may endure for them.

## ORDINANCE

An Ordinance Defining Motor Vehicles and Regulating the Use and Speed of Same in the City of Mt. Sterling, Kentucky, and Imposing a Penalty for a Violation Thereof.

Be It Ordained by the Mayor and Board of Council of the City of Mt. Sterling, Ky. That motor vehicles in this ordinance shall include automobiles, locomobiles, motor bicycles and all other vehicles propelled by power other than muscular.

**SPEED**—No person shall operate or drive a motor vehicle or motor bicycle upon any of the streets, alleys or thoroughfares of the City of Mt. Sterling, Ky., at a rate of speed greater than fifteen miles per hour in business or residential districts of said city between intersections, nor shall such motor vehicle or motor bicycle be run at a rate of speed greater than eight miles per hour at an intersection. Should any driver or operator of any motor vehicle or motor bicycle exceed the speed limit provided herein, same shall be prima facie evidence that same is being run at a greater rate of speed than is reasonable or necessary having due regard for the traffic and use of the way, so as not to injure life, limb or property of any person.

**LIGHTS**—Each motor vehicle or motor bicycle shall be provided with good and sufficient lights between sunset at evening to one hour before sunrise, viz: two white lights visible at least two hundred feet in the direction the machine is moving and one red light in the reverse direction, except motor bicycles shall be provided with one white light visible in front as aforesaid and one red light visible in reverse direction.

**BRAKES, HORNS, MUFFLERS, ETC.**—Each motor vehicle or motor bicycle shall be provided with good and sufficient brakes and shall be provided with horn or bell, which must be sounded upon approaching street crossings, intersections or person or persons immediately in front of said motor vehicles or motor bicycles provided no horn other than the horn-horn horn or bell shall be sounded later than 9:30 p. m. nor earlier than 6 a. m., provided further that the horn known as the "siren" shall not be used on any motor vehicle or motor bicycle in said city. Each motor vehicle or motor bicycle shall be provided with a modern and effective muffler of the character that prevents unusual or loud noise from the engine and must keep same closed.

**USE OF HIGHWAY**—Any person or persons operating or driving any motor vehicle or motor bicycle mentioned herein upon any of the streets, alleys or thoroughfares of the city of Mt. Sterling, Ky., shall keep to the right of the center of said street, alley or thoroughfare and shall keep to the right of the center of intersections in crossing same and when passing any vehicle, shall pass on the left side of same, and shall when approaching any horse or horses ridden or driven by any person or persons upon said streets, alleys or thoroughfares, if said horse or horses should become frightened at such approach, bring said motor vehicle or motor bicycle to a full stop if signaled to do so or if the impending danger is such that same should be done, until said horse or horses shall have passed.

Any person or persons violating the provisions hereof shall be deemed guilty of a misdemeanor and fined in any sum not less than ten nor more than fifty dollars.

All laws or parts of law in conflict herewith are hereby repealed.

This ordinance shall take effect from and after its passage and publication as required by law. W. A. SAMUELS, Mayor.

Attest: H. M. RINGO, Clerk.

November 7, 1912.

All animal-propelled vehicles are urged to observe the above traffic ordinance and thus reduce to a minimum the danger of accidents. C. K. OLDHAM, Mayor.

Is it not highly amusing, if not provocative of wrath, to hear a man complain of his home being cheerless when he adds nothing to its happiness? A man is greatly responsible for the ozone of his home. The day to his wife may have been one of unusual care and hard work, but if the husband comes in cheerful from the field or his work outside, the weariness and care-worn look will disappear from his wife's face. A few sharp words we can always attribute them to the overtaxed nerves, but we can find no plausible excuse for sullenness on the part of the husband.

A touch of kindness in this busy rush,  
A proffered hand to help us fight the crush,  
A cheerful word that smooths a heavy heart—  
Have you these small things assumed your part?

A fighter—a producer—a slacker.  
Which tag shall your neighbors hang onto you?

## DRAFT DETAILS MADE KNOWN

All Men Between Ages of 21 and 30 Must Register Subject to Call.

The President of the United States will issue a proclamation, probably this week, calling upon all citizens between the ages of twenty-one and thirty years to register under the provisions of the universal service act recently passed by Congress.

A copy of the rules under which the registration is to be made have been received in this county and provide that the registration shall be in the various voting precincts of the cities and counties, under the direction of the sheriffs or other election officers.

Men within the age limit will be required to present themselves personally, unless absent from the precinct when they may register by mail.

The rules provide for a number of questions to be asked those who register, at which time reasons which might disqualify them for military service may be stated.

The lack of necessary qualifications does not excuse any one from registering. Failure to register is punishable by jail sentence. Certificates will be issued to those registering.

The rules for the guidance of registration officers and persons who register are as follows:

### RULES FOR THE INFORMATION OF PERSONS TO BE REGISTERED

59. Caution. All males are subject to registration. The registration is intended to serve the purpose of a census which shall show the availability of all males of the designated ages for all purposes of the Nation—military as well as civil.

There are therefore no exceptions to registration. If you are a male between the designated ages and are not in the military or naval service of the United States you are subject to registration on the day fixed by the President, and if you fail to present yourself, or presenting yourself, give false, misleading or incorrect answers, you are a misdemeanor and subject to punishment by imprisonment in jail, to which punishment there is no alternative of fine.

### To Get Certificate.

60. Registration certificate.—All persons registered will be furnished a registration certificate. Since all police officers of the Nation, States and municipalities are required to verify the registration lists and make sure that all persons have registered themselves, much inconvenience will be spared to those who are registered if they will keep these cards always in their possession. All persons within the designated ages must exhibit such certificates when called upon by any police officer to do so.

### The Place.

61. The place of registration is the voting precinct of your domicile. Your domicile is your permanent home.

### Rules for Absentees.

Registration of absentees.—Although registrations must be in the precinct of domicile, and although the burden is on you to see that your registration is entered at your domiciliary precinct on the prescribed day, yet, for your convenience and to obviate the necessity of your going home for the purpose of registration, the following is provided for the registration of absentees:

(a) Six days after the publication of the President's proclamation there will be a supply of registration blanks at the office of the county clerk of every county in the United States, or at the office of the city clerk of every city of over 30,000 population.

(b) The county clerk, or, in the case of cities of over 30,000, the city clerk, is authorized to record the answers of persons absent from their domiciliary county and certify to their registration cards.

(c) Upon application by you your card will be made out by the clerk, turned over to you, and by you it must be mailed in time to reach your domiciliary precinct by the day set for registration.

(d) Therefore, six days after the President's proclamation is published, go to the office of the sheriff in the county in which you may be and have your registration card filed and certified. Then mail the same addressed to:

The Registrar.  
.....Precinct.  
(your home precinct.)  
Care of Sheriff .....county  
.....State

If your permanent home is in a city of over 30,000 inhabitants as shown by the census of 1910, send the card in care of the mayor. If you do not know the number or name of your home precinct, address the card as above, and write also on the envelope which you have so addressed:

Registration card of .....  
Street and number .....  
Postoffice or R. F. D. ....

If you desire a registration certificate, inclose a self-addressed stamped envelope with your registration card.

### WHAT WILL BE ASKED

Questions will be asked for you to answer in the order in which they appear below. These questions are set out below with detailed information to help you in answering them. Do not write on, mark, or otherwise mutilate these instructions. Do not remove them. They should be carefully read, so that you will have your answer ready when you go before the registrar.

All answers will be written on the registration card in ink by the registrar who should be careful to spell all names correctly and to write legibly.

1. Name in full? Age in years? This means your name as you ordinarily sign it. If you sign only initials as "S. L. Brown" give that as

your name. If you sign "Samuel L. Brown" give your name in that way, or if "S. Lawrence Brown" give it that way.

State your age today in years only. Disregard additional months today. Be prepared to say "19" or "25" not "19 years, 3 months" or "the like."

2. Home address. This means the place where you have your permanent home, not the place where you work. Be prepared to give the address this way: "222 Main street, Chicago, Cook county, Illinois" that is, give number and name of street first, then town, then county and state.

3. Date of Birth. Start to answer as you would if some one asked you your birthday, as "August fifth." Then say, "on my birthday this year I will be (or was) ..... years old." The registrar will then fill in the year of birth. Many people do not carry in mind the year they were born. This may be obtained by the registrar by subtracting the age in years on this year's birthday from 1917.

4. Are you (1) a natural born citizen; (2) a naturalized citizen; (3) an alien; (4) or have you declared your intention to become a citizen. (Specify which.)

(1) If you were born in the United States, including Alaska and Hawaii, you are a natural born citizen, no matter what may have been the citizenship or nationality of your parents.

5. Where were you born? First name the town, then the State, then the county, as "Columbus, Ohio;" "Vienna, Austria;" "Paris, France;" "Sofia, Bulgaria."

6. If not a citizen, of what country are you a citizen or subject.

This need be answered only by aliens and denizens. Remember that a declarant is not yet a citizen of the United States. If an alien or declarant, state the name of your country as "France," "Japan," "China."

7. What is your present trade, occupation or office? This does not ask what you once did, nor what you have done most of the time, nor what you are best fitted to do. It asks you what your job is right now. State briefly as "farmer," "miner," "student," "laborer (on farm, in rolling mill, in automobile, wagon or other factory)," "machinist in automobile factory," etc. If you hold an office under State or federal government, name the office you hold. If you are in the military or the naval service of the United States, state "Army of the United States" or "Navy of the United States." If you are in one of the following offices or employments, use one of the names hereinafter mentioned:

"Customhouse clerk;" "employed in the transmission of the mails;" or "employed in the armory, arsenal or navy yard;" "mariner actually employed in the sea service of citizen or merchant within the United States."

8. By whom employed? Where employed? If you are working for an individual, firm, corporation or association, state its name. If in business, trade, profession or employment for yourself, so state. If you are an officer of the State or federal government, say whether your office is under the United States, the States, the county, or a municipality. In answer to the question as to where you are employed, give the town, county, and State where you work.

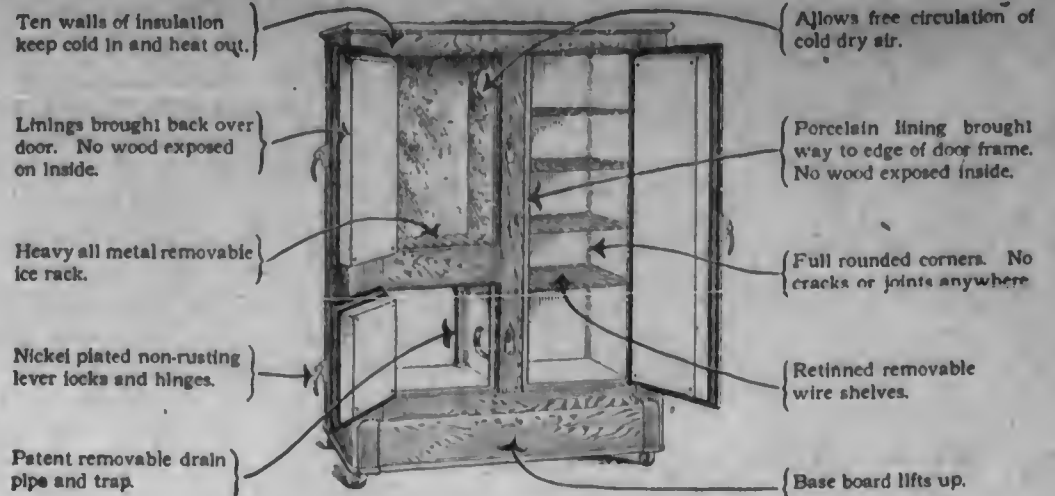

9. Have you a father, mother, wife, child under twelve, or a sister, or brother under twelve solely dependent upon you for support? (Specify which.)

Consider your answer thoughtfully. If it is true that there is another mouth than your own which you alone have a duty to feed, do not let your military ardor interfere with the wish of the nation to reduce war's misery to a minimum. On the other hand, unless the person you have in mind is solely dependent upon you, do not hide behind pettinots or children. Remember that this answer alone will not exempt you from liability to service.

10. Married or single? (Which.) (Specify which.) This does not ask you whether you were once married, but whether you are married now. In answer to the question as to your race, state briefly whether "Caucasian," "Mongolian," "Negro," "Malayan" or "Indian."

11. What military service have you had? Rank? Branch? Years? Nation or State? No matter what country you served you must give complete information. In answering these questions, first name your rank, using one of the following words: "Commissioned officer;" "non-commissioned officer;" "private." Next state branch in which you served in one of the following words: "Infantry;" "cavalry;" "artillery;" "medical;" "signal;" "aviation;" "supply;" "marine;" "navy." Next state the number of years service, not counting time spent in the reserve. Finally

## Leonard Cleanable ONE-PIECE Porcelain-lined Refrigerators

## CHENAULT & OREAR, Mt. Sterling

name the nation or state you served. If you served under the United States, or one of the States of the United States, name your service in one of the following terms: "National guard (of such and such a state)," "Militia (of such and such a State)," "Volunteers of United States" or "Regular Army (Navy) of United States."

12. Do you claim exemption from draft? Specify grounds.

Because you claim exemption from draft, it by no means follows that you are exempt. For the information of the war department you should make a claim now if you intend to prosecute it. Some persons will be exempted on account of their occupations or office. Some on account of the fact that they have relatives dependent upon them for support. Your answer touching these things will be important in supporting the

claim you intend to make in answer to these questions. Be sure, therefore, that the grounds you now state are in conformity with your answers to questions 7 and 8. In stating ground you claim as exempting you use one of the following terms: If you claim to be an executive, legislative or judicial officer of the State or nation, name your office and say whether it is an office of the State or nation; if you are in the military or naval service and this is your ground, simply say "military service of the United States" or "Naval service of the United States." If you claim to be a member of a religious sect whose creed forbids its members to participate in war in any form simply name the sect. If you are employed in the transmission of the United States mails or as an artificer or workman in an armory, arsenal or naval yard of the United States, if you are a mariner employed in the sea service of any citizen or merchant within the United States, so state. If you are a felon or otherwise morally deficient and desire to claim exemption on that ground, state your ground briefly. If you claim physical debility, state that briefly.

## At Last—A One-Adjustment Cream Separator

**BEFORE** you buy any cream separator, come in and look at the Primrose. One adjustment is all that is necessary to keep it in perfect operating condition at all times. This adjustment is a simple one for keeping the bowl at the correct height—an adjustment that you or your wife can safely make, whenever it's necessary.

The adjustment is made from the outside of the separator by either raising or lowering the bearing containing the hardened steel point, upon which the spindle revolves. A slight turn with a screwdriver, perhaps once a year, does the work. The Primrose is a well-constructed, close-skimming, durable cream separator. It will make a saving of \$10.00 to \$15.00 per cow in your herd every year. It is made in four sizes to separate 350 to 850 pounds of milk per hour, or from about 40 to 98 gallons. Ask for a catalogue giving a complete description, or, come in and look over the Primrose yourself.

#### JAMES T. EVANS DIES

James T. Evans, aged 71 years, died at Lexington last Tuesday as the result of a complication of diseases. He is survived by four daughters, Mrs. Annie Littleton and Mrs. Mattie Walker, of Lexington; Mrs. Inn Henderson, of Mt. Sterling, and Mrs. Amy Hillis, of Ewing. He is also survived by four sons, Jesse T. Evans, of Lexington; Elshin and Emory Evans, of Mt. Sterling, and Chester Evans, of Cincinnati. The body was taken to Flemingsburg, his former home, for burial Thursday morning accompanied by members of the family. Deceased was the grandfather of Miss Alta Evans and Elgin Evans, of this city.

With a few exceptions, this war will be fought by poor men. Therefore, with limited exceptions, its cost should be paid by the rich men. Fight or pay, should be the rule—but not both.

#### Women!

#### FORMER RESIDENT DIES

News was received here last week announcing the death of Mrs. Celestine Cornelison, widow of Hon. John J. Cornelison, of this city, which occurred at her home in Cleveland, O., on May 7th, following a stroke of paralysis. She had been a sufferer for many months. Mrs. Cornelison was the daughter of Rev. Thos. H. Munnell and was a native of Wheeling, W. Va., where she was born Oct. 24, 1850. Mrs. Cornelison lived here for many years with her husband, who was formerly a leading member of the local bar, and whose difficulty with the late Judge Richard Reid composes quite a chapter in local history. She was an active and faithful member of the Presbyterian church and is recalled as a musician of unusual note. She left Mt. Sterling many years ago and had made her home in many parts of the country, finally taking a permanent residence in Cleveland. Seven children, Rev. Thomas M. Cornelison, of Chicago; Brown Cornelison, of Texas; Jack and Bernard Cornelison, who reside in the West, and Roger Cornelison, recently of Louisville, and two daughters survive. The funeral services were held at the home and the body cremated. Many old friends here will learn with deep sorrow of the death of Mrs. Cornelison.

#### A MT. STERLING INTERVIEW

##### Nannie Trimble Tells Her Experience.

The following brief account of an interview with a Mt. Sterling woman nine years ago, and its sequel, will be read with keen interest by every citizen.

Nannie Trimble, 10 Jamison St., Mt. Sterling, says: "Last fall, I was hardly able to stand on my feet to do my housework. I suffered from an almost constant pain in my left side. I had a dull, aching, heavy, bending-down feeling through my hips and across my kidneys. The way my kidneys were acting caused me a lot of distress. I bloated somewhat in my hands and limbs. I was nervous, tired and sick all the time until I used Doan's Kidney Pills. This medicine greatly benefited me and I soon felt like a different person." (Statement given February 24, 1908.)

On January 6, 1917, Nannie Trimble said: "I am always glad to praise Doan's Kidney Pills. They have helped me wonderfully and whenever I have any sign of kidney trouble now, they never fail to give me relief."

#### NOTED AMERICAN DEAD

Joseph H. Choate, of New York, former United States Ambassador to Great Britain and a delegate to the first Hague Tribunal, died at his home in New York City last week after a few hours' illness. Mr. Choate was 85 years old, a lifetime during which he was one of the most distinguished practitioners of law in the United States, Ambassador to England with signal success, a speaker applauded on innumerable public occasions, and, finally, a remarkable octogenarian. He came from an old New England family, noted for strength of character and mental vigor. His father was a cousin of the famous Rufus Choate.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: P. J. ##### MILLIONAIRE BARNACLES

The President, the press, and well informed people generally are appealing to every citizen to do his utmost to increase the production of foodstuffs so vitally needed to win the war with Germany. Without a tremendous increase in production we can not win. If we do not win we will be practically annihilated, stripped of our wealth by the Kaiser, and reduced to ultimate servitude.

In the cities and countryside are thousands upon thousands of men who have become enormously rich and have retired from business.

In the cities also are hundreds of thousands of idle men who would willingly go out onto a great farm with any one of these rich men as a leader.

Throughout the country are millions of acres of farm land that will not feel the bite of a plow because there are no men available in the immediate communities.

These millionaires, with nothing to do, could easily take over this idle land and put it under cultivation—if they would. They, with their great wealth and prestige, could easily secure the workmen in their own cities. The brains that won them riches in commercial life would bring them pronounced success in producing the greatest possible yields from the soil. They would thus become invaluable aids to the government in its hour of peril.

But are they doing it? Are they producing a single pound of the enormous quantities of food that are necessary to the salvation of our country?

##### THEY ARE NOT!

With a very few isolated exceptions, they are living at ease—riding around in their automobiles—using up the gasoline that is needed for farm tractors and army trucks—consuming the food that others produce—telling the government what to do and doing nothing themselves—making of themselves a millstone around the neck of the

## THE EVE OF MEMORIAL DAY

(By S. F. Smith, author of America)

Sweet in the innocence of youth,  
Borne of the brave and free,  
They wore fair garlands while they sang

"My country, 'tis of thee,"  
How every bosom swelled with joy  
And filled with grateful pride  
As fond and whispering cadence breathes,  
"Land where my fathers died."

Fair flowers in sweet bouquets they tied  
Breaths from the vales and hills,  
While childish voices poured the strain,  
"I love thy rocks and rills."

Each face grew radiant with the thought,  
"Land of the noble free;"  
Each voice seemed reverent as it trilled,  
"Sweet land of liberty."

And bud and bloom and leaf they bound  
And bade the living keep  
Unharm'd and pure the cherished graves

Where brave men calmly sleep;  
And thus, while infant lips begin  
To lip "Sweet freedom's song,"  
Manhood's deep tones from age to age  
Shall still "the sound prolong."

I hailed the promise of the scene;  
Gladness was in the strain;  
The glorious land is safe while love  
Still swells the fond refrain;

And what shall be our sure defense?  
Who guards our liberty?  
Not man, not arms alone; we look  
"Our father's God, to thee."

College athletes are debating the question of continuing their sports during the war. If they haven't brains enough to furia or arm, then the governors of their respective states should take them by the slack of the pants and kick them into the front rank of the first batch of conscripts.

## NEWS OF KENTUCKY

Lawrence Dempsey, negro, was lynched at Fulton, Ky., early Sunday morning. The negro was taken from the city jail, where he was held on a charge of severely cutting Clarence Dublin, an Illinois Central watchman, who is in a serious condition in a hospital. Dempsey was hanged in the rear of the jail.

On his way from church to his home Lafayette Kitchen, a farmer, was shot to death near Grayson, Ky., late Saturday night. Eight men are under arrest, charged with the crime.

Sam Corum, a wealthy farmer, of Slaughter, Ky., lost his life, and Floyd Gentry, his brother-in-law, was severely injured when their automobile was overturned near Madisonville early Sunday.

Mrs. Cora Wilson Stewart, chairman of the Kentucky Illiteracy Commission, is on the program for an address at the National Educational Association, which meets in Portland, Ore., July 7 to 14. Mrs. Stewart will tell of the campaign in Kentucky to wipe out illiteracy.

Survey of the labor conditions of Fayette county and census of the most efficient laborers will begin this week. The Fayette Production Association will put into immediate execution its plan to collect names of "half-hearted" farm laborers and temporary loafers to turn in to the conscription committee. It will be suggested by the association, and also Fayette county's committee of the Council of National Defense, that these men be taken on the first draft.

The cornerstone of the new Presbyterian church at the corner of Pleasant and Sixth streets, Paris, Ky., was laid Sunday afternoon.

People around this vicinity are busily engaged in planting corn at the present time.

The little son of Hill Newkirk, is very low with typhoid fever.

"Uncle Jack" Kimbrell and his two little grandchildren were bitten by a mad dog last week and are under treatment at Bowling Green, which will keep them for several days. The dog was a little pet poodle belonging to the children. It was thought to be very harmless until it suddenly became mad and almost before they knew what had happened the dog had bitten the three people. The head of the dog was sent to be analyzed and it was pronounced a rabid dog.

Mr. Asa Pieratt, of Mt. Sterling, is visiting his brother, "Uncle Tom" Pieratt at this place.

John W. Conlee continues ill after a siege of several weeks.

Mr. and Mrs. John Finney have returned to their home at Athol after a short visit to their parents at Indian Fields.

## TOBACCO TO BE CHEAP

According to a statement issued by R. J. Reynolds of the R. J. Reynolds Tobacco Co., tobacco will not bring a high price this year. Mr. Reynolds bases his belief on the fact that there will be little export trade the coming year. The farmers should be extremely careful and raise more corn and foodstuffs which promise to bring splendid prices.

## MEETING THE HIGH COST OF LIVING

Timely Topic to Be Discussed on Chautauqua Here by One Who Has Made a Close Study of Foods and Labor Conditions.

GEORGE L. McNUTT, the "dinner pail man," who is to speak at the Chautauqua here on "Meeting the High Cost of Living," says that the tragedy of the city is that it separates the worker from the soil. Mr. McNutt has made numerous interesting experiments in gardening. The accompanying photograph shows him in a unique garden which he planted and cultivated while a resident of Valparaiso, Ind.

The garden was one of the show spots of the city. Only 40 by 80 feet, it was made to produce over \$50 worth of foodstuffs and at the same time be a thing of beauty. This was done by constant interplanting, preserving a continuous growth of vigorous greens.

The aesthetes were secured by screening an ugly alley and some tin-bledown fences and barns by three rows of sunflowers along two sides of the garden. As the picture shows, these attained to almost the stature of trees, being nearly sixteen feet high. At the same time these served as poles for Kentucky Wonder beans.

Along the other two sides was a hedge of cosmos. These with care attained a growth of nearly six feet. As the cosmos is a fall bloomer, sweet peas were planted near enough to use the cosmos to climb on, making a very beautiful effect, peeping out through the mass of green of the cosmos.

Rev. George L. McNutt is unique among lecturers. Indeed, few men have in any degree come into contact with men in so varied circumstances as this experimenter in the laboratory of human nature. For seven years he toiled day in and day out along with the common laborer to see the world as the ordinary man viewed it.

He held charges in Chicago, Indianapolis and New York. At the time he left the ministry he was pastor of the Presbyterian church at Urbana, Ill., the seat of the University of Illinois. Mr. McNutt did not go as an onlooker and a man of independent wealth, but lived with his family upon the wages he drew for his daily labor.

First, as a roustabout, he labored in steel mills and then as laborer on construction gangs, as a "white wing" and as a mechanic he worked through Indiana, Ohio, Pennsylvania, Maryland, finally traveling northward through New England into Maine.
